

# Nevill Road Junior School

## Parent Newsletter – 22.1.21

Dear Families,

This week has brought a new set of challenges for us with floods and snow to contend with. Despite the weather, the children in school and at home are working extremely hard and the staff are

very impressed with the quality of learning that we are seeing. Thank you for wearing face coverings when coming on to the school site and for keeping your distance from others. We continue to review our safety measures in school to ensure that our Nevill Road community is as safe as possible.

### Our Remote learning Offer

Please see the revised Remote Learning Policy, which is in line with the latest DfE guidance. This can be found on the school website. A questionnaire will be going out to all families next week and your feedback is very welcome. We fully understand that families are all facing different pressures and we will continue to develop our offer to meet those needs as best we can. You are all doing an amazing job and appreciate your messages of thanks. For those children that are attending school on a part time basis, please continue to

access the remote learning lessons on the days that they are not in school to ensure that they are following the sequence of lessons as they are delivered. The children in school are accessing the same offer as those at home and are being supervised by our support staff to enable the class teachers to plan and deliver the live sessions, give daily feedback and create resources for both the children at home and in school.

## Year 6 SATS

You may already know that the year 6 SATs, due to take place in May, have been cancelled. We will be submitting teacher assessments instead and await guidance on how this will work. Most importantly, we will continue to support the children in Year 6 to ensure that they are ready for their next stage in education when they start High School in September.

## Keeping our Nevill Road family together

We love hearing about the activities the children are taking part in at home. Please keep sending in your photos to [headteacher@nevillroad-jun.stockport.sch.uk](mailto:headteacher@nevillroad-jun.stockport.sch.uk) or tweet to @NRJuniors. Some of the children have been taking part in the Bramhall High science challenge. Week 1 was to make a skyscraper out of just spaghetti and sticky tape. Zach managed to reach the dizzy height of 138.5cm.

## Track and Trace procedures

Mrs Cliff will continue to Track and Trace for those children who are attending school. Please email [covid@nevillroad-jun.stockport.sch.uk](mailto:covid@nevillroad-jun.stockport.sch.uk) if your child has a positive Covid19 test.

Please include:

- the child's name
- the child's class
- the date symptoms started
- the date the test was taken
- the date of the positive result
- the date your child was last in school
- whether your child attended before or after school club and the dates they attended
- your contact number.

Please do not send your child in to school if they display any of the Covid 19 symptoms and ensure that you book a test for your child straight away.

Thank you

I hope you all have a restful weekend.

Mrs Cliff
