Parent Newsletter – 26.3.21

Dear families,

We have come to the end of a very strange term with lots of change and challenge. Thank you for all your support and positive feedback over the past few months, it really does make a difference. Having all of the children back in school makes life feel that little bit more normal and I am hoping that over the Easter break, we will be able to spend some more time with friends and families (let's hope for good weather). Thank you also for donating to Comic Relief, we have raised £680.11 in total!

The Recovery Curriculum

This week, we launched a whole school project based on protecting the environment. I found a huge pile of rubbish in the playground on Tuesday! The children have been trying to find out where it came from and how we could reduce, reuse and recycle. We

have also used books based upon the story of Greta Thunberg, which have inspired the children to create their own campaigns about saving the planet. The children have also enjoyed taking part in forest schools activities outdoors.

On Wednesday, we had a virtual visit from Yasmine Clarke, who used to be a professional tennis player. She is working with the children in school as our Mental Health Sports

Ambassador, and delivered a whole school assembly about how to be a successful learner. Y6 have enjoyed making, cooking and eating potato fritters and carrot scones using our kitchen area. School smelt amazing!

Extra-Curricular Activities

We are starting to introduce some extracurricular activities after Easter including instrumental lessons and swimming. Information about after school football sessions and multi sports, will be available when we return.

Staffing News

Mrs Jackson's operation has gone well and she is back home now. She wanted me to pass on her thanks for all of the kind messages that have been sent to wish her well.
