

Nevill Road Junior School

Parent Newsletter – 2.7.21

Dear Families,

Unfortunately, like many schools in the area, we have been affected by the rising Covid cases and have had to close two bubbles this week. As always the children have been brilliant and it has been lovely to see them online sharing their ideas with each other. The staff team have been working hard to provide a remote learning offer using the same model during the last lockdown.

Here are a few reminders to help us to keep out community safe:

Children must NOT play on the outside equipment before and after school or to mix with other classes, in order to minimise transmission.

Keep your child at home and isolate / take a PCR test if they present with symptoms including headache, aching limbs and sore throat. Please contact school if you need further advice. Thank you

The Recovery Curriculum

Our gardening club has been working as a team to grow a variety of vegetables. The peans and beans are ready for picking and taste delicious. We are hoping to develop the garden area further next year, with the help of Friends of

Nevill Road. We had a visit from Millie's Trust this week to deliver some first aid training sessions for the children. They were taught how to administer CPR using Dr ABC. Year 6 are also

enjoying their topic based on South America. They have been learning about different regions, climate zones and biomes by locating them on maps.
