Our Curriculum

In Year 3 we've been learning about Geography fieldwork this week. After looking at aerial views of the school, the children used their compass skills to sketch and annotate what they could see in the school grounds.

Year 4 have been learning about the water cycle in science. We particularly enjoyed making our own miniature water cycles!

Year 5 are designing and making bridges this week as part of their D&T unit. We will be testing their purpose with toy cars once finished. Hopefully, no cars will be injured in this process!

This week Y6 have been focusing on wellbeing in PSHE. The children created a timetable to recharge their batteries and learnt how to connect with others within a community.

Photos of the week

KEEPING OUR CHILDREN SAFE

- To look after school equipment and property.
- To make good choices and always be honest.
- To use your best presentation in all lessons.
- To keep your classroom and cloakroom tidy.
- To complete your homework every week.
- To throw away your litter in the bin.
